At the Upper-Intermediate level, we teach you how to communicate beyond your immediate survival needs. You will learn how to start and continue conversations with relative ease. You will build on your grammar knowledge and vocabulary. The course will focus on understanding details, more complex language and longer interactions. Instead of scribbling notes and consulting dictionaries, the students are sipping a cup of tea and contributing, in varying degrees of fluency, to a discussion. This course is held in English. We will speak only in English to help you become more comfortable and confident expressing yourself. Teaching material provided. Lehrbuch: PONS Lektüre in Bildern Englisch - The Skye's the Limit, PONS Verlag, ISBN: 978-3-12-562868-7
